Havant Talking News

A FREE service for blind and visually impaired people

Registered Charity No. 1025556

About us

We are a charity which produces a free fortnightly audio version of local news and information for blind and visually impaired people living in and around the Havant Borough.

Familiar voices read articles taken from the Portsmouth News, Hayling Herald, and other community newsletters.

Available for you

Every fortnight around 60 minutes of local news is dispatched, on a memory stick, free of charge to our listeners. Each edition can also be obtained:

- At our website
hbtn.org.uk/how-it-works/
- At the Talking News Federation website
upload.hear.media/player/?tn=HavantTN
- Or streamed from an Alexa smart speaker if an Alexa Skill is installed on the device.

Our volunteers

All our staff are volunteers. They work as:

- **Editors** to select news articles
- **Producers** to arrange the articles into an audio script
- **Readers/Presenters** to turn the written word into a spoken word
- **Sound engineers** to record the voices.

We also have researcher, distribution, fund raising and administration teams - without whom the Talking Newspaper would never reach production.
